1210 Freshmen Report for Frosh Week

College President Dr. John J. Neumaier and Dr. Richard Reed of the counseling office might well be saying, "That's all right, Mrs. X, We'll take good care of your boy."

After Years of Talk

Students to Get New I.D. Cards This Fall

The identification system at Moorhead State College will take on a new look this fall with Poloroid Color ID cards.

The new cards will feature color pictures of students along with home addresses, and cafeteria meal ticket numbers for students living on campus.

The Poloroid ID Card System was purchased from the Poloroid Corporation this summer and arrived late in August. It is owned by the Student Senate.

The card will be used to identify students seeking student admission prices to college events as well as voting in Student Senate elections. For students who purchase meal contracts the card will contain a meal ticket number.

The cost of the card will be one dollar and if the card is lost the replacement charge will be the same. Since the meal ticket number will be on the card students who drop the meal will have to replace their cards at a cost of 50c.

According to Student Senate President Dale Barlage freshmen will pick up their cards at registration.

Upperclassmen may pick up their cards at registration or if they have preregistered by mail the ID equipment will be set up today and Monday in the small gym in Flora Frick and Tuesday and Wednesday in the Student Union. Thereafter the ID machine will be open for a few weeks on Wednesday and Thursday nights.

Students who plan on picking up their ID cards in the Union may find an ID photographer in the Student Senate Offices.

The ID card procedure is quick and it takes only two minutes to process a card from start to finish.

Eastern Folk Duo

Addis and Crofut to Perform Here This Saturday Night

A pair of troubadours whose music and humor communicate a sense of joyousness in an often irrational world will perform at Moorhead State College September 23 at 8 p.m. in the Center for the Arts auditorium. Known to thousands of audiences as Addiss and Crofut, these young men have won

Some 1210 freshmen reported for orientation week activities Sunday.

This figure, coupled with 228 freshman are either transfer students or don't have enough credits to be classified as sophomores, will bring the fall quarter freshman total to 1,438.

When this figure is added to the 2,800 to 3,000 students who will return this fall the college enrollment will total 4,200 to 4,400. This will mean and

increase of around 600 students over last year.

The 1,210 freshman have been divided into 30 groups of about 40 freshmen each.

The individual groups each have two groups leaders who are upper-classmen returning from last year. The groups leaders work under the leadership of orientation week chairmen Barb Gill and Steve Brachlow.

A couple of new features were added to this years orientation week activities.

On Tuesday the groups had a chance to visit with professor of the major college departments in a "Wander and Discover" program in the Union Ballroom. The students listened to panels presented by each department explaining what they do.

Another new feature will be the appearance of Addiss, and Crofut Saturday night. The eastern group, which claims to present a modern approach to folk singing, will appear in the Center for the Arts on Saturday night.

Pick Up Mistics

In Comstock Union

The Mistic will be distributed Fridays on the main floor of Comstock Memorial Union. All students may pick up their copies there.

This year there will be a new place for the faculty to pick up their copies of the Mistic. The post office in MacLean Hall will have enough copies for the college faculty and staff.

News deadlines will be as stated in the Mistic Policy statement on the editorial page.

Partiers Beware

Keg Parties To Be Checked By Local Authorities

A check with Clay County Sheriff's deputies has revealed that the sheriff's officers will be on the lookout for keg parties this fall and next spring.

Parties, if they are run in an orderly manner, will be allowed if the following criteria are adhered to:

- 1) Students must secure permission for the use of the land where the party is to be held in writing. This way if the party is raided there is proof of permission.
- 2) All people at the party must be 21 years of age. Those under age are subject to court action for being minors on possession of alcoholic beverages and older stu-

friends for themselves and for the United States in dozens of nations from Kenya to Korea to Vietnam.

Steve Addiss and Bill Crofut are folk instrumentalists and singers whose repertoire encompasses 27 languages and draws from the musical resources

of several centuries. Playing on an array of instruments both ancient and contemporary — French horn, recorder and Vietnamese van tranh as well as banjo and guitar — and adding their own commentary on people and places, their program is imminently modern.

Friends since their prep school days in Putney, Vermont, both Addiss and Crofut had extensive musical training when they became a team in 1960. Crofut graduated in music and literature, concentrating on the French horn, from Allegheny College. He toured Japan and Korea as a troop entertainer after his military service and later toured for the Japanese government.

Winning a State Department grant to tour Asia and Africa, he called on Addiss to collaborate. Addiss, a graduate of Harvard in composition, left his teaching post in New York City and interrupted his studies under John Cage to join Crofut for a year of concertizing. Returning to delight a special audience of United Nations delegates, the duo went on to tour the United States and

dents who can legally possess liquor may be charge with contributing to the delinquency of a minor.

As one deputy put it, "I don't like to raid kids parties because I was a kid too once. But, if I get a call from some angry farmer saying there's a bunch of kids out in his field whoop-

(Continued on page 4)

(Continued on page 4)

Cars, cars everywhere and not one place to park. Cars brought loads of frosh for Orientation Week which ends tomorrow night.

Phone Book Won't Arrive Until October

Students are urged by college officials to compile their own telephone directories until the college directory is available later in October.

The problem stems from the fact that for the first year at MSC each student will have a telephone in his room.

Students are urged therefore to write down all of the on-campus

numbers they use frequently so that they need not call the operator each time they plan to make a call.

There is a section in the back of each Fargo-Moorhead phone book for extra numbers.

All administrative phone numbers are listed on page 16 of this paper.

When Will They Ever Learn?

Its fall and Homecoming is just a couple of weeks away. This year seems to be no exception from past years and the Homecoming committee has booked another so called big name, the Serendipity Singers.

We have no quarrel with the attempt of the committee to bring a big name on campus but unless the students' attitudes toward these names has changed the show will fail financially as has nearly every other show in the last four or five years.

Somehow nobody has seemed to learn a lesson in all of the productions that have been presented at MSC. This is strange since most five year old children learn to keep their fingers out of the fire once they have been burned, and most college students have learned this lesson.

There is a solution to the problem which simplifies the situation and would relieve the Homecoming committee a great deal of embarrassment when it comes time to count the money after Homecoming.

The solution is to really lay out money and bring in someone who is really on top or take the other route and take a chance on someone on the way up.

The first solution is obvious if one looks at the success that Concordia has had with their popular entertainer

series. Over there when they want to go, they go big and so far it has paid off.

The other solution is to try someone without the name perhaps on the peak or the way up. In this manner a good show can be purchased for a relatively small sum and perhaps the show can be presented to students free of charge.

It is the second approach that we favor the most because students who faithfully pay their activity fees are too often hit again and again for things that their activity fee is supposed to cover.

Several years ago while we were attending another college there was an attempt to get Peter, Paul and Mary. We had \$3,000 but they wouldn't talk to us for that sum. In desperation we picked up the Journeymen for the paltry fee of \$600.

The Journeymen put on a show that was great and in its own way it was better than the Peter, Paul and Mary show which we heard later in Minneapolis.

The lesson here is that there are a lot of groups on the way that can be had for a relatively small amount of money. It may take a little more work but the saving in money is worth it, especially to the students.

Mistic Policy

Guided by a sense of responsibility and a concern for accuracy and integrity, a good college newspaper should reflect the attitudes, purpose and spirit of the college community.

In an effort to uphold this objective, it will be the policy of the Mistic to:

Gather, edit, and display news that is of significance to Moorhead State College.

Publish the unbiased, undistorted truth as far as is humanly possible in all situations.

Present editorial views after the evaluation of available facts.

Encourage the exchange of opinions and ideas by treating issues as impartially as possible; and

Stimulate and support campaigns for the betterment of Moorhead State College.

In order to accomplish these objectives, the Mistic will need the cooperation of any who want to use the medium of the Mistic.

A letter to the editor will be accepted for consideration from any source — student, faculty, administration, townspeople — as long as the contents concern Moorhead State College or would be of interest to the students of the college.

Agreement of the editor with the letter is not a criterion for publication.

However, the letter must not be libelous, as determined by the editorial staff, in any way.

A person wishing to submit a letter should type it, double-spaced, and bring it or send it in to The Mistic, MacLean 206. The Mistic will print letters with the author's name withheld if the author's identity is known to the editor. This is required only to insure bona fide authorship. The Mistic also reserves the right to edit any letter as it does all copy received.

All copy for the Friday paper must be submitted by 4:00 p.m. the Monday of that week.

Special arrangements for copy to be turned in later must be made with the editor prior to the 4 p.m. Monday deadline.

ODD BODKINS

Our Man Hoppe

Sex Education Is Extracurricular

—Arthur Hoppe

The trustees and directors take pride in announcing the opening next fall of the new Uriah P. Fagin School for Boys and Girls. Its motto: "Caveat Emptor."

The philosophy behind the Fagin School was best summed up by its headmaster, Dr. T. Homer Pettibone, Ph.D., Ed.D., Ls.D.:

"The duty of an educational system is (1) to inculcate in the student the goals of his society and (2) to equip him to meet its challenges. Our present system fails dismally.

"It is thus our high hope at the new Fagin School to matriculate young men and women adequately prepared to (1) make a fast buck and (2) not get caught."

Dr. Pettibone, himself, will teach the basic philosophy course, "From Attila the Hun to Modern Corporate Ethics." Required reading includes Machiavelli, Nietzsche and the Truth in Advertising Code.

Courses in the New Math will concentrate on the preparation of income tax forms, with special emphasis on legitimate business deductions which cannot be double-checked. Originally, the new math was to have covered the preparation of expense accounts as well. But it was felt this subject could better be dealt with in our Creative Writing Department.

In our well-equipped chemistry laboratory, students will conduct experiments which will teach them to make lysergic acid, mescaline, peyote, the dry martini and other aids to making our cities more livable. Other science courses include, "Bugs and How to Wire Them."

In public speaking, the students will learn how to speak extemporaneously on any subject for a full hour without saying anything. This is only one of the many courses in the field of American government, which offers so many career opportunities for promising Fagin School graduates.

Examinations will, of course, be conducted on the honor system with proctors monitoring secretly through one-way glass mirrors. As in other schools, higher grades will be awarded for successful cheating. In addition, however, subtle bribery and polite extortion will be encouraged to bring out the student's best in his relationship with his teacher.

While the academic is stressed, the body is not forgotten. Advanced young ladies will be given a full course in the modern dance. (Students must bring their own topless bikinis.) And the physical education program for young men will be under the direction of Mr. William (Brick Wall) Ngckyschwzski, the noted professional football player.

He will lecture from personal experience on "The Key to Remaining Physically Fit between 18½ and 25 — a Trick Knee."

Or, as Dr. Pettibone put it, "Mens sana in corpore 4-F."

Tuition is \$3500 per annum in unmarked bills. While this may seem exorbitant, it must be remembered that we parents set the goals and challenges of our modern society and we thus owe our children the education necessary to meet them successfully.

Or, as Dr. Pettibone expresses it so well: "A year in the Fagin School now may well save ten in Leavenworth later."

Help Us Help You

Every year we receive word that we missed a meeting or failed to cover an event.

There are solutions to this problem as we see it and they are so simple it amazes us that nobody ever came up with them before.

First of all let us know when something is going to happen and how important it is. Often we have failed to cover a meeting because we did not realize the significance that meeting had.

If we are not able to cover the meeting have someone give us the information. You need not write it up, just tell us the who, what, why, where and how.

If your organization meets regularly you might want to appoint a correspondent to the Mistic. That way we know

who we are to contact to get any and all information about your organization.

Make absolutely sure that your correspondent knows about everything that goes on. In this manner we may obtain all the news we can use at the least effort for both you and our staff as well.

If your meeting is open to the public or you would like everyone to know about your meeting let us know a week in advance so that we may put it in the "Goings On" column.

Keep us posted and we will convey the information to the reading public.

We sincerely hope that these comments will be taken to heart so that we may get started with the right foot. Good luck and remember to keep us posted.

Guest Editorial

Worthwhile Experiment

Secretary of Defense McNamara has at last given the go-ahead for a barrier between North and South Vietnam to obstruct the flow of men and material southwards into the hands of the Viet Cong. As long-time advocates of either a wall or a swath, we welcome the decision. We know that there are military experts who have always pooh-poohed the idea. But we believe that the proof of the pudding is in the eating. And since bombing is proving a costly and even questionable means of trying to interdict the enemy movement southwards, it seems to us that there is stronger reason than ever to give the wall a try. There is no doubt that in concept it is far more humane than bombing or shelling.

In military terms, one can but come to the reluctant conclusion that the situation in South Vietnam continues a stalemate.

The United States still finds it hard to seize and maintain an initiative on a broad front—if it is possible to use such a figure of speech for the guerilla fighting in South Vietnam. Dealing with the Viet Cong is still somewhat like dealing with a swarm of determined hornets and mosquitoes when one has neither effective repellent nor mosquito net. They just keep coming.

Earlier this year, things seemed to be going with greater swing than ever

before for General Westmoreland and his brave men. That was in Operation Junction City. But then the United States command was robbed of the initiative by the development of a grave threat away to the north, in the area of the demilitarized zone. This was typical of the tactics by which the Viet Cong and their Northern allies are able to dissipate much of the American military effort in the South by forcing the command to scatter its men and weapons to meet actual or potential threats in widely separated parts of the country.

Obviously, geography makes the South Vietnamese provinces immediately below the demilitarized zone the most vulnerable to any sudden thrust from the North. It might seem tempting to Americans to outflank the zone by a landing just to the north of it. But quite apart from the possibly dangerous political repercussions, this would in fact be more likely simply to widen and thus weaken the area exposed to Viet Cong guerrilla action.

This, it seems to us, strengthens the case of those who have long urged trying a physical barrier. We recognize that there is a host of attendant difficulties and problems to be tackled. Not least is just how far and in what direction it should be extended inland from the coast. Should it reach into Laos? Or will it have to swing southward along the Vietnam-Laos border?

Addis & Crofut, balladeers of reknown, will perform for MSC students this Saturday night in the C. A. Tickets are available in the Union.

Hitherto the neutralist but friendly Premier of Laos has wanted nothing to do with it.

But unless Secretary McNamara and his advisers were not now persuaded

that there were answers in sight to the military, technical and political objections raised to the wall idea hitherto, presumably he would not have given the go-ahead signal.

New Bookstore Opens In Holiday Mall Center

A new paperback bookstore with over 5,000 titles in stock has opened in the Holiday Mall Shopping Center in south Moorhead.

The store is located inside the mall directly across from Moorhead State Bank.

The store, which opened Monday, is managed by Karen Wordlaw, wife of Comstock Memorial Union Director Earl Wordlaw.

According to Earl Wordlaw the book store is academically oriented with every possible subject area covered.

The small shop is carpeted and is paneled with English oak.

In addition to books the store will also handle sale records and contemporary pscadelic prints.

Of interest to students and faculty alike is the fact that there will be discounts to college people. Students will receive 5 per cent off on all purchases and the faculty will receive 12 per cent.

Summer Enrollment Sets All-Time Record

A total of 2,295 students enrolled at MSC this summer compared with an enrollment of 2,146 during the summer of 1966.

A report released recently by Dr.

KEG PARTIES

ing it up I have to protect his rights.”

Students are also warned not to park in their cars along county roads and drink.

The same deputy told the Mystic, “I’ll be looking for those cars with kids drinking in them. You wouldn’t believe how many beer cans there are in the ditches when the snow melts in the spring.”

A brief check also revealed that the deputies know where all the good spots are. So with that in mind students might remember that they must party with care or the cops will be there.

FOLK GROUP

(Continued from page 1)

MGM-Verve label. Their newest releases are for Columbia Records.

Sen. Robert F. Kennedy heard Addiss and Crofut while he was attorney general of the United States, and was quoted by **Saturday Review** as saying that the pair “made an enormously favorable impression on me.”

The fall of 1966 found Crofut performing in India while Addiss returned to Vietnam to continue his studies of native music. Together again for a full concert season in the United States, these two young men, who have often been described as “superb musicians and irresistible entertainers”, will appear at Moorhead State College under the joint sponsorship of the Comstock Memorial Union Operating Board and the Freshman Orientation Committee.

Tickets are on sale for \$1.00 at Daveau’s in Fargo and Moorhead, while student tickets, priced at 75c, are on sale at the information desk of Comstock Memorial Student Union at Moorhead State College.

Graduate Courses Too

Evening Classes To Be Offered This Fall

Courses in 17 major academic areas, including 18 for graduate credit, will be offered in the Moorhead State College evening class schedule for the fall quarter starting Monday, Sept. 25. 33 courses will be available.

Persons who wish to enroll for an evening course for the first time are invited to write to the Admissions Office for an application form, can pick one up during daytime hours, or can wait until the first class meeting to complete the registration. The completed application form must be accompanied by a \$10 application fee which is not refundable and covers the cost of establishing the student's admissions and records file. This fee does not apply to students who have taken one or more courses at the college in the past.

Undergraduate fees are \$5 per credit hour for Minnesota residents and \$8 per credit hour for non-residents. Graduate fees are \$7 per credit hour for Minnesotans and \$10 per credit hour for non-residents. Registration can

be completed at the second class meeting if necessary by paying a \$5 late fee. No one will be allowed to register after the second session.

Five late afternoon classes are scheduled to meet two days each week. Seminar in Supervising Student Teachers with Dr. Gerhard Haukebo, chairman of the education department as instructor, will meet at 4:30 p.m. Wednesdays and Thursdays beginning Sept. 27. The course offers three credits and may be taken for graduate credit.

Comparative Education, to be taught by Dr. Herbert Abraham, professor of education, will meet Mondays and Tuesdays, beginning Sept. 25, at 4:30 p.m. It, too, may be taken for graduate credit and offers three credits. Three more education courses, open only to graduate students, also meet at 4:30 p.m. Dr. Robert MacLeod, director of admissions and registrar, will teach Introduction to Research on Mondays and Wednesdays; Principles of Admin-

(Continued on page 11)

Smemo Named Head Of Graduate Studies

Dr. Kenneth I. Smemo has been appointed dean of graduate studies at MSC, Dr. John J. Neumaier, president, has announced. Dr. Smemo succeeds Dr. Robert Hanson, who was appointed associate academic dean, and assumed new responsibilities September 1.

Dr. Smemo came to MSC in the fall of 1961, first as supervisor of social studies in the Campus School. The following year he was acting director of the Campus School and has since served as associate professor in the college history department, teaching courses in American and Norwegian history.

He was one of 50 faculty members from colleges and universities across the country who were awarded Dan-

forth Teacher Grants for the 1966-67 academic year. Under the Grant, he studied at the University of Minnesota, completing work for his Ph.D. He also received his M.A. from the University of Minnesota and graduated with a bachelor of science degree in 1957 from Wisconsin State College at Eau Claire.

Before joining the faculty at MSC, Dr. Smemo taught at Osseo High School, Osseo, Wisconsin. A native of Brookings, S. D., he has been active in community and professional organizations, including the Red River Historical Society, National Education Association, American Association of University Professors, American History Association and the Norwegian-American Historical Association.

Faculty Members Spend Summer On Campuses

Several Moorhead State College faculty members served during the summer as visiting professors at major universities and as educational consultants and participants for workshops and institutes.

Dr. Sol Shulman, chairman of the chemistry department, was a visiting professor at Indiana University, teaching organic chemistry.

Dr. Oscar W. Johnson, biology, was a visiting professor of zoology at the University of Montana.

Dr. Clarence A. Glasrud, chairman of the English department, served as a consultant to the U. S. Office of Education in Washington, June 26-30, evaluating for college and university summer English institutes.

Jack Baratto, foreign languages, was one of 21 college teachers in the U. S. chosen to participate in the 1967 summer seminar for teachers of Spanish held at Burgos, Spain under the auspices of the University of Valladolid.

Dr. Edward Hoganson, chemistry, conducted post doctoral study at the University of Colorado under a National Science Foundation grant.

Dr. H. Y. Yeh, physics, was awarded a fellowship to attend a summer institute of theoretical physics at Brandeis University, Waltham, Massachusetts.

Dr. Warren Thomsen, chairman of the mathematics department, served as associate director of a University of Minnesota workshop in the implementation of elementary school science and mathematics curricula.

Other scientists who studied during the summer under National Science Foundation grants included Gerald P. Hart, physics, who was at the University of Nebraska; and Dr. Monroe Bartel, biology, who participated in a short course in biochemistry at Vanderbilt University.

Year's Fine Arts Event Scheduled

Nationally esteemed artists representing a rich variety of music, dance and theatre are offered by the Moorhead State College Series for the Performing Arts in its 1967-68 season. The season will open Oct. 19 with the Preservation Hall Jazz Band, followed by Paul Doktor, violist; Malcolm Frager, Pianist; The Early Music Quartet; Touring Classics Company production of *Phedre*; Norman Walker Dance Company; Arturo Sergi, tenor; The Manhattan Festival Ballet; a production of *Dear Liar*; Josh White, Jr., folk singer; and will close with the Sixth Annual Regional Artist Recital by Karen Carlson, soprano on May 23.

The importance, historically and culturally, of the Preservation Hall Jazz Band is unquestionable. It contains among its members, all over 60, some of those men who combined the music of the marching funeral band, Storyville and the French Quarter, and presented the world with jazz. Throughout the more than 40 years since jazz became an important musical expression, the band, remaining true to its original New Orleans style, has played in New Orleans and surrounding parishes. Now they are regularly featured at New Orleans' Preservation Hall and contribute to its reputation as one of the outstanding jazz centers in the world.

Like Preservation Hall Jazz Band the performance of Nov. 14 presents a

pioneer—violist Paul Doktor. Throughout his many concert tours, lectures, seminars, recording and television appearances, Doktor has fought for wider recognition of the viola as an important but often neglected member of the string family. Both his variety of style, demonstrating the versatility of the instrument in baroque, classical and modern repertoires, and his numerous editings of compositions for viola furthered his effort. Through these endeavors, he gained the recognition of critics and became the first and only solo violist to receive the coveted First Prize at the International Music Competition in Geneva.

Equally awarded and widely acclaimed, Malcolm Frager, one of the most gifted young pianists of today, will appear December 7. The acclaim began at the age of six with his first recital in St. Louis and continued throughout his solo performance with the St. Louis Symphony at the age of 10. Awards came as early as 1952 with the Prix d'Excellence at the American Conservatory in Fontainebleau, France. This was followed by top honors at the Geneva International Piano Competition in 1955, the Michaels Memorial Music Award in Chicago in 1956 and the career award of the National Society of Arts and Letters in Los Angeles in 1958, a year before he won the coveted Leventritt Award.

International in repertoire, unique in instruments and instrumentation, The Early Music Quartet will perform Feb. 21. Their repertoire, music of the Middle Ages and the Renaissance, revives an art as rich and rewarding as the more renowned painting and literature of the eras. The instruments of the ensemble have largely been long discontinued; the instrumentation has been reconstructed from a complex set of symbols without indication of pitch from manuscripts without staff lines. Not only the uniqueness of the group, but also the quality of the two vocalists and two instrumentalists has so captured audiences since their formation in 1960 that they present about 150 concerts during a season throughout various countries. Their recordings have won an even larger following for the quartet and for this long neglected area of music.

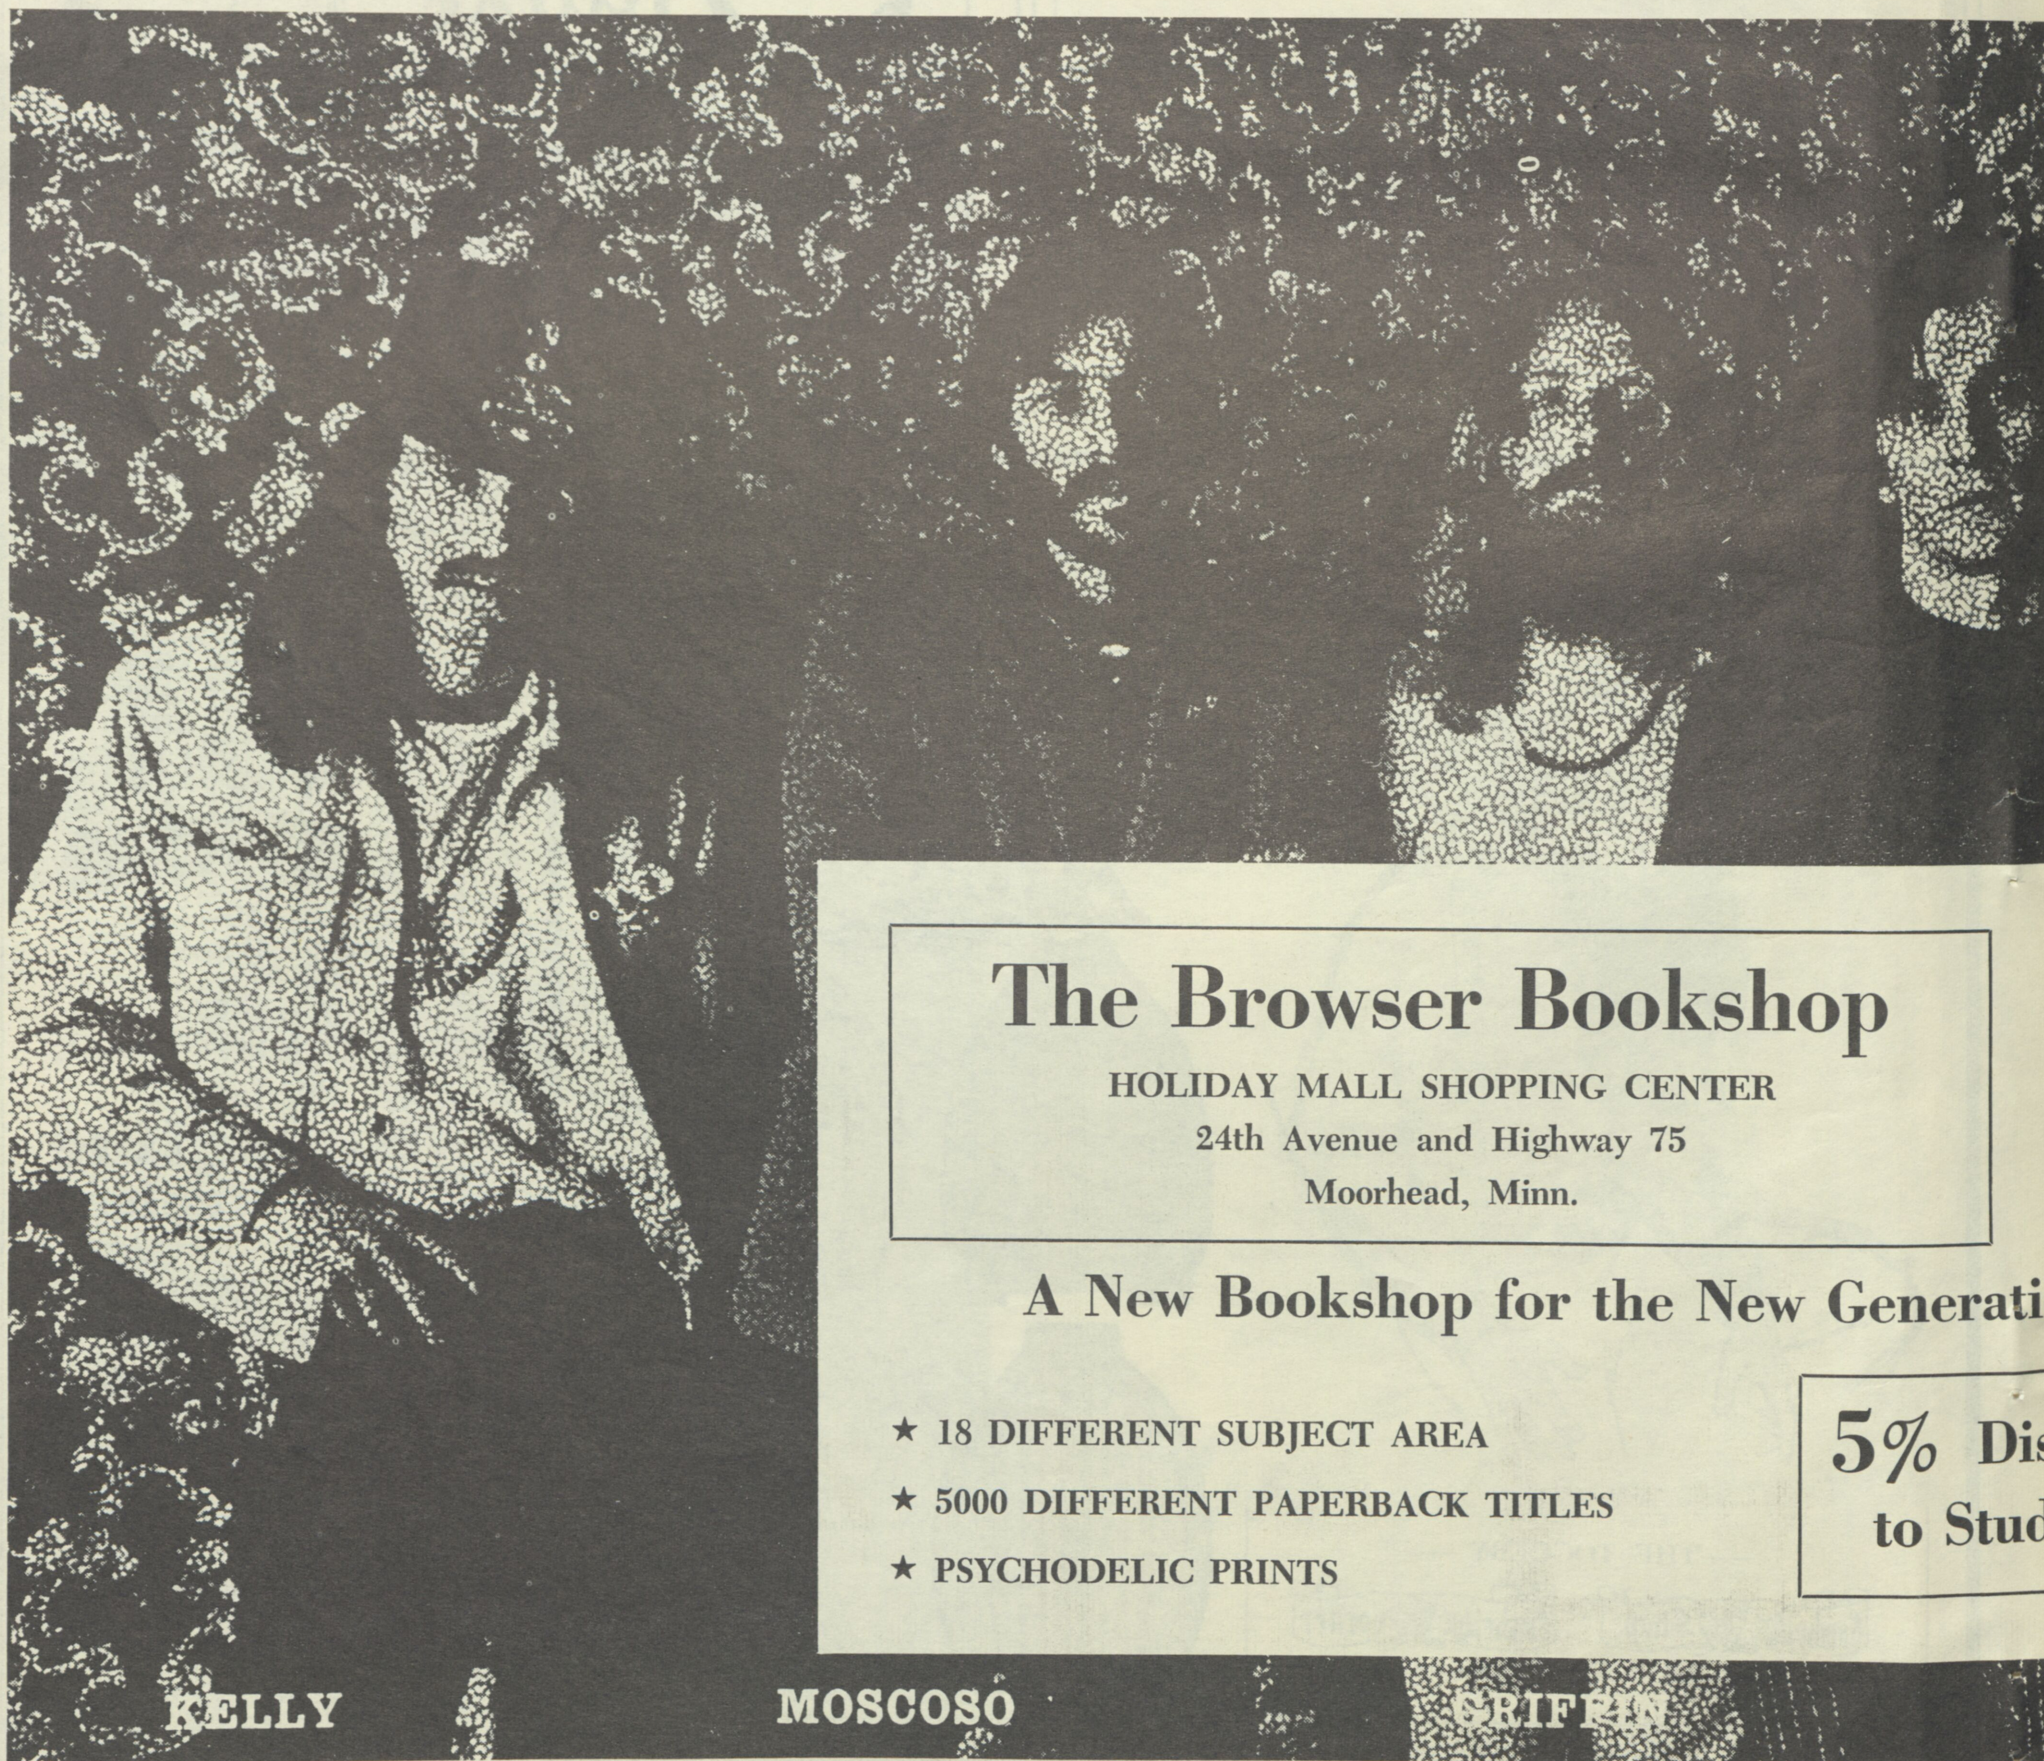

The first of two dramatic productions will be presented by the Touring Classics Company Feb. 27. The play, Racine's *Phedre*, is the classic tale of a woman in love with and scorned by her stepson. Translated by William Packard, winner of the Robert Frost Poetry Award, the tragedy was produced off-Broadway at the Greenwich Mews Theatre and won the Outer Circle Critics' Award for 1956.

The variety of the Series is continued by the appearance March 11 of the

Norman Walker Dance Company. Beginning his training as an actor, Walker soon moved into dance. By 1963, he choreographed and starred on CBS Repertoire Workshop in "Reflection" and presented not only superb dancing but showed great choreographic talent. Since then, Walker, not only in his mid-20's, has danced and choreographed for such television programs as NBC's "Bell Telephone Hour", CBS's "Accent", "Lamp Unto My Feet", "Look Up and Live", and "Camera Three." This summer, the company has taken part in Jacob's Pillow Dance festival in Massachusetts where Walker has been choreographer in residence.

Tenor Arturo Sergi presents a concert March 28. Sergi began his musical career after his release from the army, where he appeared as a tenor soloist in Handel's "Messiah" with the Nippon Philharmonic Orchestra in Tokyo. After studying in the United States with Leon Cortilli and Frederick Schoor, he went to Italy to study with the well-known Italian tenor, Angelo Minghetti, at the Verdi Conservatory in Milan. His debut with the Wuppertal Opera in Germany in 1955 as the leading role in Verdi's "Otello" has led him to a growing operatic career that has culminated in his appointment to leading tenor of the Metropolitan

Opera Company. Previously, Sergi has been leading tenor of the Hamburg State Opera, Munich State Opera, and the Berlin, Frankfurt and Duesseldorf Operas.

The second program of dance is by the Manhattan Festival Ballet, a new, young and attractive company, scheduled to perform April 4. Its repertoire ranges from ballets choreographed for Bach's "Brandenburg Concertos" to dances and scenes from Richardson's *Clarissa*. The company, directed by Ron Sequoia, was for many years the resident ballet company of the Sante Fe Opera before making its New York debut in 1965.

Another drama, *Dear Liar*, will be presented April 17 under the auspices of the Minnesota State Arts Council and Moorhead State College. This dramatic adaptation by Jerome Kilty relates the tempestuous romance which developed through the love letters of George Bernard Shaw and Mrs. Patrick Campbell.

Jacqueline Brookes and Joseph Maher play the roles of Mrs. Campbell and Shaw. Miss Brookes recently won an Obie Award for her leading role in the off-Broadway "Six Characters in Search of an Author". She is considered by critics as one of the outstanding young actresses in American Theatre. Joseph Maher, born in Ireland, made his debut in the Toronto performance of *The Taming of the Shrew*. Broadway first

saw him with Margaret Leighton in *The Chinese Prime Minister*. He has also appeared off-Broadway and on television in the "Hallmark Hall of Fame".

Josh White, Jr., appearing on May 4, has been acclaimed in nightclubs, folk music rooms, and concert halls across North American and Europe. At the age of four, he began his career in show business and later presented concerts in Carnegie Hall and Town Hall in New York. He has been seen at the Village Gate, the Bitter End, the Troubador, the Shadows and the Playboy Club in Chicago.

The Sixth Annual Regional Artist Recital on May 23 will present Soprano Karen Carlson. Mrs. Carlson, a senior at Moorhead State College, is a student of Dwayne Jorgenson. Originally from Ellendale, N. D., Mrs. Carlson was a regional winner in the 1965 Metropolitan Opera Auditions in Minneapolis. During the summer of 1966 she appeared with the Central City Opera Company in Colorado and had a leading role in Mozart's *Don Giovanni* when it was presented by Moorhead State College last spring.

Student tickets will be available at a discount with a student activity card in the box office prior to the concert.

The 1967-68 Series is being directed by a faculty committee composed of Mrs. Lois Selberg, chairman; Thomas Keough, Ronald Matthies, and Mrs. Melva Moline.

Union's First Full Year

Wordlaw Plans For 'Exciting' Time

Comstock Memorial Union, opening for its first full year this fall, has scheduled a number of events which should make it the center of students activity this year.

Activity will start tonight with a dance in the Union ballroom featuring the Mariners. The dance will be from 9 to 12 p.m. It is open to all students.

Next Thursday, Sept. 28, the first movie in the film series will be shown in the Ballroom. The movie, "Caine Mutiny", will cost students 50c.

The following Thursday, Oct. 5, the film will be "Duel in the Sun".

On Oct. 18, there will be a lecture entitled, "Vietnam and Red China." The lecture will be delivered by Dr. Walter Judd, former member of the U.S. House of Representatives and missionary to China.

Oct. 10 through 31 there will be an art exhibit of oil paintings by Robert Walton. The painting will be displayed on both levels of the Union.

In addition to the events already scheduled, there are a number of events in the planning stages.

Union Director Earl Wordlaw said Tuesday that there are plans now for "Coffee Houses" -on Friday nights. These would take place in the Snack bar of the Union and would feature entertainment by outside groups.

For those who attend the plays the Union will make it possible to make it a whole night without ever leaving campus. Tentative plans are underway for special dinners to be served before the plays in the faculty dining area between Kise Commons and the Union.

Special dinners would be served, such as lobster or steaks, to couples who reserved space for the dinner.

For the bowling enthusiasts there are plans underway for a bowling league which will be organized shortly.

Photo Exhibits Planned

Six photographic exhibits have been scheduled for the 1967-68 academic year at MSC, according to F. Dennis Lynch of the Department of Mass Communication.

The first, to open October 1 in Livingston Lord Library, will feature photographs of Alfred Stieglitz and taken from Camera Work. The exhibit closes October 31.

Exhibits to follow include the work of Robert Capa from Images of War, October 21 - November 12 to be shown in the Center for the Arts gallery; Edward Weston, January 3 - February 1; Professional Photographers of America, March 1-15; Moorhead State College Student Invitational, April 1-30; and Professional Photographers of America, May 1-31.

EVENING CLASSES

(Continued from page 6)

istration with Dr. Glaydon D. Robbins, dean of education, as instructor will meet Mondays and Tuesdays; and Dr. Ronald Litherland, assistant professor of education, will teach Appraisal Techniques on Wednesdays and Thursdays. All three courses offer three credits.

First meeting dates, course titles and names of instructors for other fall quarter courses are listed below. All classes will meet at 6:30 p.m. unless otherwise indicated. Credit hours are shown in parenthesis, and courses which may be taken for graduate credit are indicated with the letter "g".

Monday, Sept. 25 — Studies in 20th Century Literature, Allan Hanna, associate professor of English, (3, graduate only); Marketing for Consumers, James Flis, assistant professor of business administration, (4); General Psychology, Dr. James Condell, psychology department chairman, (4); American Social Welfare, John Fulton, instructor of social welfare, (3); and Education of

the Handicapped, Dr. Martin Tonn, associate professor of special education, (3g).

Tuesday, Sept. 26 — Principles II, C. Richard Corner, assistant professor of business, (4); Occupation and Education Information, Dr. John Jenkins, professor of education, (3, graduate only); Literary Scholarship, Dr. Mary Anne Pryor, associate professor of English, (3, graduate only); Organization and Administration of School Health Education, Dr. T. Edison Smith, professor of health, physical education and recreation, (3g); Medieval Europe, Dr. Walter Stotzer, professor in the departments of foreign languages and history, (3g); Applied Electronics, Harold Hoghaug, instructor of industrial arts, (4); Youth Organizations, Donald N. Anderson, chairman of the health, physical education and recreation department, 7:00 p.m., (2,men); Accounting Systems, taught by the business program staff, (4g); and Business Law II, James Dillard, instructor of business, (4).

Wednesday, September 27 — Principles and Techniques of Counsel, Glenn Dahlem, assistant professor of education, (3, graduate only); Master-

Tri College Effort

New Cinema, a collection of internationally recognized short films which had its sell-out premiere at Lincoln

pieces of Fiction, James Nagel, instructor of English, (4); History of Science I, Dr. Genevieve King, professor of biology, (3); Tests and Evaluation in Industrial Arts Dr. Albert J. Mudgett, associate professor of engineering graphics, (3g); Descriptive Astronomy, Dr. Warren J. Thomsen, chairman of the mathematics department, (4); Theory of Numbers, Marion V. Smith, associate professor of mathematics, 6:00 p.m. (3); Administration of Physical Education, Loel D. Frederickson, assistant professor of physical education, (3g); Political Parties, Dr. Frank Kendrick, associate professor of political science, (3); Social Psychology, Dr. Eric Noble, assistant professor of psychology (part-time), (4); Elementary Accounting I, Wilbert R. Fischer, instructor of business, (4); and Cost Accounting I, Dorian Olson, instructor of business (3).

Thursday, September 28 — Elementary School Curriculum, Vincent C. DiPasquale, assistant professor of education, (3, graduate only); Teaching English in the Secondary School, Sheila P. Gullickson, instructor of education, (4g); and Investments, Donald Wirries, assistant professor of business, (4g).

A complete brochure describing the evening class schedule is available through the admissions office.

Center's Philharmonic Hall early this year, will be presented in October in Comstock Memorial Union. The two, two-hour programs on Oct. 9 and Oct. 30 are sponsored by the Comstock Memorial Union Operating Board.

Included in the two program series are short works by such masters as Jean-Luc Godard, Roman Polanski, Richard Lester and Francois Truffaut as well as many other talented directors whose names are less familiar in this country. The 18 films — nine to be presented in each program — have won prizes in the major European festivals, representing the significant trends of international cinema and many have as yet not been seen in the United States.

The New Cinema short films range in length from three minutes to 28 minutes and in genre from animations and cinema verite to first efforts and experiments. Tickets for New Cinema will be available beginning Oct. 1 at the information desk of the Comstock Memorial Union.

\$8.8 Million In Three Years

Construction Marks MSC Growth

At MSC the sounds of construction are getting to be just as familiar as the drone of a professor's voice.

In the past eight years 15 buildings worth \$12.3 million have been added to the landscape.

But that's almost nothing compared to the \$8.8 million in construction authorized for the next — not eight years — but three years.

Behind all the building is expanded enrollment, of course — 373 per cent at MSC in the past 13 years.

That compares with 380 per cent for all Minnesota state colleges in the same period, 122 per cent at the University of Minnesota, 73 per cent at the state's private colleges.

And MSC, with 1,555 students in 1960 and 4,200 due next week, is planning on 7,000 students in 1973. They'll handle the new flocks of students as they come.

This means more construction. Hagen Hall (science) and Livingston Lord Library were built to handle an enrollment of 3,500 which MSC exceeded last year. So, the 1967 Legislature approved major additions to both.

The full list of building projects reads like this:

★ A \$1,044,000 classroom building now under construction adjacent to MacLean Hall on 11th Street South, three stories, to be ready in 12 months.

★ A 200-bed men's dormitory to be ready for 1968 classes, on 16th Street east of the high-rise Nelson Hall. Cost: \$935,000.

★ Remodeling of Weld Hall starting this winter, for completion late in 1968 for \$285,000. Vacant last year pending additional funds to turn it into an administration building, Weld will stay a classroom building, to be used this year for mathematics and humanities classes and offices and the college counseling service this year.

★ A \$675,000 administration building, the 1967 Legislature's answer to plans to completely renovate Weld for almost the same price. An architect is expected to be selected within two weeks, with bidding possible next summer and completion due in 1969. The site is 11th Street and 9th Avenue South.

★ A second high-rise dormitory for 400 students, ticketed at \$1.9 million, to be ready in September 1969, boosting the on-campus housing total to 2,-

200 beds. It will be erected on 16th Street.

★ An adjacent \$950,000 cafeteria, MSC's second, to feed 450 students, with kitchen facilities planned to permit doubling the capacity later.

★ Remodeling of 35-year-old MacLean Hall, the present administration building, into a classroom complex by late 1970, after the new administration building is finished. Cost: \$375,000.

★ The \$1,420,000 library addition, doubling existing space, due for bidding next summer and completion in 1970.

★ A \$1,170,000 biology building, to rise south of MacLean, with completion expected in 1970.

Planning the facilities, a tricky task involving the matching of the faculty's desires with available funds, is already underway or about to start for each of the buildings.

The \$1.6 million Center for the Arts, for example, which opened last fall, took nearly a year to program.

Workers now have the \$1.4 million classroom building closed in and will work on it all winter. The building will be open for use for the fall of 1968.

And the college is already looking to construction from the Legislature Building Commission Thursday, for the future. It asked for another \$10.5 million in consideration by the 1969 Legislature.

111 - 8th St. S., Moorhead

Pianist To Start S.P.A. Season

Dwight Peltzer, a pianist whose unwavering dedication to contemporary music has made him one of its leading exponents, will be presented in recital at Moorhead State College Tuesday, Sept. 26, at 8:15 p.m. in the Center for the Arts Recital Hall.

Described by a San Francisco critic as "a magnificent pianist", Peltzer has distinguished himself, both in the United States and in Europe, as a leading exponent of contemporary music.

He was the recipient of two consecutive grants from the West German Government for study in Berlin. During his stay in Europe he appeared as soloist with orchestra and in solo recitals in Germany, Austria and Switzerland. Since his return to the United States, he has been guest soloist at the Aspen Music Festival, twice soloist with the San Francisco Symphony, premiered Robert Erickson's Piano Concerto at the University of Illinois Festival of Contemporary Arts, performer at the University of Illinois Wesleyan Contemporary Music Symposium, and in Minneapolis, Chicago and San Francisco.

In 1962, he joined the faculty of the San Francisco Conservatory of Music, and two years later was appointed head of the Piano Department of the Victoria School of Music in Victoria, B. C. In 1965, Peltzer won the CBC Performance Award for the Best Recording and in September, 1966, he was appointed co-chairman of the piano department at the Philadelphia Musical Academy.

A disgruntled Alfred Frankenstein of the *San Francisco Chronicle* penned his unhappiness when Peltzer left that city

to take another position. "What in God's name is the matter with us?" he asked. "We are getting bigger and bigger Symphony seasons, bigger and bigger opera seasons, bigger and bigger university music departments — and we are losing our talented people in droves."

Called Scholars' Dollars

Two MSC Students Set \$ Saving Plan

You may or may not have heard about the Scholars' Dollars program but its here.

Scholars' Dollars is the brainstorm of two MSC students, Wayne McFarland and John Stone. McFarland has been associated with the Gudmac dances at the Moorhead Armory and Stone is the editor of the Mystic.

"Scholars' Dollars will save you money," says McFarland. "You buy this little book and it will save you up to \$50 dollars a year."

Basically the program offers students a chance to obtain special shopping privileges at downtown Moorhead merchants. Some stores are offering straight discounts to passbook holders and others are giving free merchandise.

At one electronics firm student may buy everything from transistor radios to stereo tape players at wholesale prices rather than retail. On clothing students get free merchandise when their purchases reach a certain level.

Frankenstein said of Peltzer: "(He) is a superb pianist. He has everything — dazzling techniques, profound interpretative insight, and one of the best platform profiles since Stokowski's heyday."

His Tuesday program will include *Sonata in A Major* by Etienne Mehul,

a contemporary of Mozart and Haydn; *Sonata in B-flat* (posthumous) by Schubert; Alban Berg's *Sonata opus 1*; *Hexahedron* by Loren Rush; *Ten Sweets for Piano* by Peter Lewis; and Joseph Castaldo's *Sonata for Piano*.

Peltzer's recital is open to the public at no charge.

It wasn't the Dragons' brightest hour in the Courtesy Bowl as they met defeat dealt out by Concordia's Cobbers.

New frosh, listen attentively to their Resident Assistant, Dennis Yell at a floor meeting in Ballard Hall this past week.

Dragons Add 2 Coaches To Physical Ed. Staff

Two well-known area coaches, Marvin C. Skaar and Ronald G. Masanz, will assume their positions as head basketball and track coaches, respectively at MSC.

In 11 years as basketball coach at Grand Forks (N.D.) Central, Skaar compiled a record of 181 wins and 92 defeats. His squads appeared in the North Dakota Class A high school basketball tournament nine times, including second place finishes in 1960 and 1963.

Masanz, who actually joined the Moorhead State College faculty last March, had been athletic director and track coach at Morris. He takes over the Dragon track duties this fall, replacing Al Holmes who will serve on the football staff. At Morris, Masanz had 57 wins, 31 losses and one tie in

ten years of football coaching and in 1966 was named Coach of the Year in Region 6 by the Minnesota High School Football Coaches Association.

A 1951 graduate of Moorhead State College, Skaar earned his master's degree at the University of North Dakota in 1956. This summer he took Grand Forks American Legion baseball team all the way to the Legion World Series in Memphis, Tenn.

Masanz graduated in 1951 from the University of Minnesota and received his master's degree from the same institution in 1965. Besides his experience at Morris he has coached at Graceville, Minnesota and was assistant football coach and athletic officer for two years with the U.S. Marine Corps.

Three NIC Teams Stand Out As Season Opens

Three Dragon Northern Intercollegiate Conference football opponents looked impressive in opening games last weekend.

Mankato whipped Luther 20-7, St. Cloud blanked St. John's University 10-0, and Bemidji State slipped by the University of Minnesota Morris 28-14.

Mankato used 47 players in their game, as the Indians exploded for three touchdowns in the third period. Luther's lone score came in the fourth quarter.

St. Cloud's impressive triumph was their first win in the series which dates back to 1953. Coach Rod Anfenson was very pleased with the outcome and praised the defense for its great work.

Bemidji's defense was also instrumental in their victory. The Beavers stopped the strong Morris running attack, as split end John Redebaugh caught passes for 140 yards and one touchdown for Bemidji.

None of the three teams faces easy contests this weekend.

Mankato meets tough Wisconsin State. The Pointers are 1-0, having edged powerful Whitewater 19-13 last weekend.

The Huskies have a very difficult assignment. They play powerful St. Norbert, which is always high on the Wisconsin college football rankings. It will be the third meeting between the teams, and St. Norbert has not lost yet.

Bemidji will tangle with the undefeated Northern Michigan University Wildcats. The Wildcats have edged the University of Northern Iowa 7-3 and the University of Akron 37-14 so far this season.

Other NIC team action this weekend has the Dragons at Wayne State College Nebraska and Michigan Technological University is at Wayne State, University, Detroit.

Winona, the team the Dragons meet next week in NIC action, has a week off. The University of Minnesota-Morris, which will not become eligible for NIC competition until 1970, battles Valley City State, N. D.

Senior Dennis Yell, who does double duty as a Dragon tackle and Resident Assistant in Ballard Hall lays down the law to his charges.

Dragons Meet Wayne State Saturday

The Moorhead State College football Dragons, after a week of rest, head into tomorrow's game with Wayne State College, Nebraska with basically the same line-up as they used in their opening loss to Concordia 27-7.

Wayne State is the defending Nebraska College Conference champion, and coach Dwaine Hoberg's Dragons will be wary. The Wildcats have 22 returning lettermen, most of whom lettered at defensive positions.

Going into last week's game with the University of South Dakota the Wildcats had won seven games in a row. This included an impressive opening game 14-6 win this season against Southern State, S. D. Last weekend, South Dakota stopped them 20-6.

In the triumph over Southern, the Wildcats boasted some excellent offensive and defensive statistics. They

racked up 428 yards total offense, and held their opponent to a minus 17 yards rushing.

Hoberg will probably go with the original starting Dragon offense. Here's how they look offensively for the Wildcats: Ends—Bob Pallansch, Grey Eagle, and Bricker Johnsen, Underwood. Tackles — Steve Kloeckner, Dilworth, and Dennis Yell, Parkers Prairie. Guards — Bill Henderson, Ledgewood, N.J., and Al Wilke, Battle Lake. The center is Russ Marshall, Dilworth.

In the Dragon offensive backfield, Bruce Bakeberg, Ortonville, will start at quarterback, with Marv Walter, Plummer, and Mike Quirk, Chisholm at the halfbacks. Leo Jacobson, Hendrum, will be set at fullback.

The defensive line shapes up with Ken Wagner, Bertha, and John Lund-

blad, Parkers Prairie, at the ends. Mike Jasper, Coleraine, and Ron Long, Pine River are at tackles. The interior guard slots are taken up by Glenn Klitzke, Browntown, and Larry Lundberg, New London.

Following the Concordia contest there were many physically ailing Dragons, but they are healthy after a week's rest and they will be nearly at full strength for the Wayne game.

Mader will start, but is nursing a leg injury. Bob Pequinot, Torrington, Conn., will not start because of a knee injury.

The next MSC home encounter is next week with NIC foe Winona State.

Winona was the only NIC team to beat the Dragons last season. The teams meet Sept. 30 at Alex Nemzek field. The game is slated for 7:30 p.m.

Cobbers Dump Dragons In Courtesy Bowl

The Moorhead State College football Dragons gave their cross-town rivals from Concordia an excellent test, but fell to the Cobbers 27-7 in the Courtesy Bowl on September 9 at Alex Nemzek Field.

The defending NIC champion Dragons battled the Cobbers in a very exciting game that could have gone either way and certainly was not settled until the waning minutes of the fourth quarter.

Moorhead got an excellent performance from sophomore halfback Mike Quirk who ran for 119 yards in 27 carries for an excellent 4.4 yard average and scored one touchdown.

The tough Concordia squad was led by halfback Joe Langemo who scored once on a 33-yard run and ran for 153 yards. Cobber quarterback Paul Linde scored twice on runs for Concordia.

The Dragons opened up in the first quarter as if they were going to run away with the contest.

Marv Walter returned the opening kickoff nicely to the MSC 42 and from there the Dragons marched 68-yards in 11 plays to score.

The crunching running of Quirk and his sophomore running mate Leo Jacobson helped pick up three first downs before Quirk went over from the one-yard line.

The kick was good and the Dragons were off. They stopped the Cobbers

on their first series of downs, as they gained only two yards.

Dragon Bob Brophy returned the Cobber punt to the Concordia 47, but a clipping penalty brought the ball back to the Dragons 32.

From there the Moorhead got no place and the Cobbers took over after a short punt on their own 49. Linde scored six plays later on a 9-yard sprint.

The second quarter was nil as far as scoring goes, as neither team threatened seriously except towards the end of the half.

MSC got close towards the end, but the final gun stopped them.

Moorhead's brilliant quarterback Bob Bakeberg lobbed a long pass as the clock ran out, and it skipped off Quirk's fingers near the goal line.

The second half was all Concordia, as the Dragon attack died. Langemo scored once in the third quarter to make it 14-7 for the Cobbers at the beginning of the last quarter.

A 2-yard run and a pass play as the game ended were the other two Cobber scores.

The closeness of the game was indicated more by the statistics than by the final tally.

Concordia led MSC in the first down department 13-11, but the Dragons led in passing yardage 75-73. Concordia rushed for 236 yards and the Dragons had 149.

Dragon Coach Duane Hoberg didn't have much to be happy about at the Courtesy Bowl. There's a bright side, although Coach Hoberg doesn't seem to see it. . . the game was non-conference.

MEMORIAL UNION

(Sponsored by the Comstock Union Operating Board & Freshman Orientation Committee)

Some youngster apparently drew the short straw when it came to moving his bigger brother into the dorm Sunday. Or maybe junior was just happy to see his brother go.

Some Return, Some Go

Sabbaticals, Leaves, Listed

Eleven Moorhead State College faculty members are returning this fall from sabbaticals and leaves of absence and three will continue on leave, Dr. Roland Dille, academic dean, has announced.

Returning from sabbaticals are Kenneth Bladow, health, physical education and recreation, who studied last year at the University of Washington; Mrs. Evelyn Larson, business, who studied at the University of Minnesota; and Miss Alice Bartels, who was on leave spring quarter, conducting a survey of piano classroom teaching at the University of Indiana, University of Illinois and University of Southern California.

Returning from leaves of absence are the following:

Dr. Joseph W. Miller, English, who has served for the past two years with the U. S. Office of Education in Washington, D. C.; Dr. T. Edison Smith, health, physical education and recreation, who served as a visiting professor last year at Wisconsin State University River Falls; Dr. Robert Solso, psychology, who completed his doctorate at St. Louis University; Dr. I. Kenneth Smemo, history, a Danforth Fellow who completed his doctorate at the University of Minnesota and has been appointed Dean of Graduate Studies; Dr. Nels Johnson, art, who spent the year in independent professional study; Miss Evelyn Swenson, library science, who studied at the University of Minnesota; Glenn Ringstad, English, who studied at the University of California; and Orlo Nokken, student teaching, who studied last year at Colorado State College, Greeley.

Continuing on leave this year will be Jay Evett, physics, who is competing his Ph. D. at Oregon State University; Milo Sulentic, industrial arts, who will Continue graduate study at the Univer-

sity of Minnesota; and Derald Rothmann, mathematics, who is continuing his graduate study at the University of Missouri.

Four faculty members have been granted sabbaticals for the 1967-68 year. They include Everett Warren, mathematics, who will study at George Peabody College, Tennessee; Gerald Ippolito, English, who will continue work on his Ph. D. at the University of Birmingham, England; John Youngquist, art, who will pursue advanced study of art in Italy and England; and Dr. Glaydon D. Robbins, dean of education, who will conduct post-doctoral study in England during the spring quarter, 1968.
